ANNUAL REPORTS

OF THE TOWN OF

MERRIMACK

New Hampshire

1969

TOWN HALL BENCH

Here once a fellow townsman sat, and squirmed a little,
Perchance when some Moderator of bygone days,
Or another fellow townsman, in like fashion implanted
On a counterpart of this structure, may have goaded him
To such point that Yankee taciturnity
And the containment of speech no longer remained
Within human endurance
And town issues were resolved on the floor
As befits parliamentary procedure.

And when tempers cooled a bit,
With midday calling to each inward man
That time was upon them
And the Grange or Ladies' Aid
Was standing by in the lower hall
With full provender, steaming and delicious,
The Moderator was perhaps first to sense the aroma
Of hot mince pie,
Oven baked, as were the beans and fluffy rolls.
With one accord then was recess called and approved,
For many there were, who an octet before, had risen
At cockcrow to feet the lowering herd.

On many a solid bench at this they sat entrenched
And in simple justice their homage paid
To one of fair womanhood's greater attributes.
Then with loosened tongue and belt flowed conversation
With many a gibe and story told until their tales
Must have permeated the very fibres of these sturdy seats!

Thus it was and we know it to be so
With many a generation now past remembering.
Much that they wrought remains today.
It was basic, simple and good,
As this Town Hall bench today attests.
May we pray that, as a symbol for mankind,
That which is ultimately good will endure.

TOWN WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Merrimack in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Junior High School Auditorium in said Merrimack on Tuesday, the tenth day of March, next at six of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To choose all necessary School District Officers for the year ensuing.
3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same:

- | | |
|---------------------------------------|-------------------------------------|
| a. Town Officers' Salaries | t. Parks and Playgrounds: |
| b. Town Officers' Expenses | Fourth of July |
| c. Election and Registration Expenses | Merrimack Youth Association |
| d. Town Hall Expenses | u. Cemeteries |
| e. Municipal Court Expenses | v. Interest: |
| f. Police Department | Temporary Loans |
| g. Fire Department | Long Term Note |
| h. Insurance | w. White Pine Blister Rust |
| i. Civil Defense | x. Social Security |
| j. Health Department | y. New Equipment: |
| k. Sewer Maintenance | Highway |
| l. Town Dump Maintenance | Office |
| m. Highway Maintenance: | z. School Department |
| Summer | aa. County Tax |
| Winter | bb. Planning Board |
| n. Street Lighting and Flashers | cc. Zoning Board of Adjustment |
| o. Town Road Aid | dd. Building Inspection |
| p. Library | ee. Merrimack Valley Regional Assn. |
| q. Memorial Day | ff. Long Term Notes |
| r. Public Welfare | gg. Nashua Regional Planning |
| s. Old Age Assistance | Commission |

4. To see if the Town wishes to exclude from the Social Security plan service in any class or classes of positions of election officials or election workers for a calendar quarter in which the remuneration paid for such service is less than \$50.00.

5. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 for the Merrimack Valley Home Health Care Agency.

6. To see if the Town will vote to raise and appropriate the sum of \$100,000.00 for the operation and maintenance of the Merrimack Sewerage Treatment Plant and to authorize the payment of the Sewer Bond principal of \$250,000.00 and interest of \$185,250.00.

7. To see if the Town will vote to transfer funds pertaining to the Last Rest Cemetery from the Trustees of the Trust Funds to the Trustees of the Last Rest Cemetery for the purpose of maintaining the Last Rest Cemetery.

8. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for the completion of the Base Property Map.

9. To see if the Town will vote to authorize the Planning Board and the Board of Selectmen to take any action necessary to enable the Town of Merrimack to carry out Phase II of a Planning Project in participation with a federal grant from the Department of Housing and Urban Development and to raise and appropriate the sum of \$8,200.00.

10. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for the purpose of financing construction of a new bridge at the site of the former Turkey Hill Bridge.

11. To see if the Town will vote to authorize the Board of Selectmen to borrow, by the issuance of Serial Bonds or Notes, in accordance with the provisions of N.H.R.S.A., Chapter 33, as amended, the sum of \$10,000.00 for the construction of a new bridge at the site of the former Turkey Hill Bridge.

12. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for expenses incurred pertaining to the boarding and disposal of stray dogs.

13. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for a Water Study of the Town of Merrimack.

14. To see if the Town will vote to authorize the Board of Selectmen to close a certain section of road at the intersection of Amherst and Naticook Roads, adjacent to John Lester's, and to deed this section to John Lester.

15. To see if the Town will vote to raise and appropriate the sum of \$35,000.00 for a Centralized Communications System for the Town.

16. To see if the Town will vote that the Selectmen be instructed to convene the Town Budget Committee within thirty days following the Annual Town Meeting for the purpose of electing a Chairman and forming a subcommittee to search past Town Warrants in order to determine the duties and authority vested in the Budget Committee by the Town. (By petition.)

17. To see if the Town will vote that the Selectmen be instructed to notify the Chairman of the Budget Committee of preliminary Budget Hearings in order that members may be appointed to attend or that the Budget Committee be convened to attend these hearings. (By petition.)

18. To see if the Town will vote that the Town Budget Committee be supplied with copies of all department breakdowns and budget request, both preliminary and final, received by the Selectmen. (By petition.)

19. To see if the Town will vote that the Public Hearing of the Town Budget Committee be convened no earlier than two weeks following the final Budget Meeting with the Selectmen and Department Heads. (By petition.)

20. To see if the Town will vote to approve having the office of Town Clerk combined with the Office of Tax Collector as specified under N.H.R.S.A. 41:45a. (By petition.) (Vote by ballot.)

21. To see if the Town will vote to establish a Department of Public Works and Highways under a director who shall be a registered Professional Engineer of the State of New Hampshire. (By petition.)

22. To see if the Town will vote to make the Department of Public Works and Highways responsible for the activities of the following Town functions: Town Dump, Building Inspection, Waste Treatment Plant, Town Roads, and future utility functions as may be designated by the Board of Selectmen who shall be the reporting authority for the director of the department. (By petition.)

23. To see if the Town will vote to empower the Merrimack DPW & H to employ sufficient secretarial, drafting, and technical help needed to provide direct or advisory assistance to any municipal organization or function, committee or group, as approved by the Board of Selectmen. (By petition.)

24. To see if the Town will vote to hire a Certified Public Accountant to prepare, inspect, and finalize the Town accounts, bond and serial note issues and other financial paperwork for final audit by the Town Auditors, who shall be paid \$50.00 annually for such final inspection. (By petition.)

25. To see if the Town will vote to approve the establishment of a Water Supply and Resource Council to consist of 5 members: a Selectmen, a Water Commissioner each from the Merrimack Village District and the Reeds Ferry Sewer and Water District, and two citizens, one each to be appointed by the clerk of each Water District; to investigate the feasibility of merging the two water districts under one Commission or the feasibility of forming a permanent council, to be approved by the Districts, to aid in the efficient purchasing of common inventory and to provide common assistance throughout the community. (By petition.)

26. To see if the Town will vote to establish three (3) year terms for the Town Clerk and Town Treasurer commencing with those citizens elected at the 1970 election as specified in the applicable RSA of the State of N.H. (By petition.) (Vote by ballot.)

27. To see if the Town will vote to establish a three man Board of Assessors who shall accomplish the duties specified in the RSA of the State of New Hampshire, thus allowing the Selectmen to act as a Board of Appeals for such action as may be taken by the Board of Assessors. The Assessors to be elected each year at the Annual Town Meeting, where salaries for such offices shall also be determined as recommended by the Town Budget Committee. (By petition.)

28. To see if the Town will vote to affirm the following: We the Townspeople, being a duly constituted legislative body, gathered together at our Annual Town Meeting in the Town of Merrimack, New Hampshire, do hereby make a petition for the redress of our grievance addressed to: The President of the United States, Washington, D.C., The New Hampshire Congressional Delegation, Washington, D.C. Whereas: The Town of Merrimack is the most rapidly growing community in the State of New Hampshire. Whereas: Over eighty per cent (80.0%) of the residents of the Town have a postal address other than Merrimack, New Hampshire. Whereas: The U.S. Postal Department has been duly informed of the inequities of the current situation, by a petition from Merrimack Chamber of Commerce and Townspeople. Whereas: The Town is divided by four

Zip Codes. Whereas: Many other inequities, causing inefficient postal service are rampant. We, the Town Meeting of said Merrimack, New Hampshire, do make a request for the immediate institution of a one Zip Code Postal System of and for all people within the Township of Merrimack, New Hampshire, entitled: Merrimack, New Hampshire (Zip Code). (By petition.)

29. To see if the Town will vote to authorize the Board of Selectmen to accept any trust funds offered to the Town.

30. To see if the Town will vote to authorize the Board of Selectmen to offer a discount for the early payment of taxes.

31. To transact any other business that may legally come before this meeting and make any appropriations in connection therewith.

POLLS FOR VOTING WILL BE OPEN FROM SIX O'CLOCK IN THE MORNING UNTIL SIX-THIRTY O'CLOCK IN THE EVENING.

ARTICLES OF THE WARRANT WILL BE TAKEN UP BEGINNING AT 7:30 P.M.

Given under our hands and seal, this twelfth day of February, in the year of our Lord nineteen hundred and seventy.

HAROLD L. THRESHER
E. J. HASELTINE
RONALD E. GEIGER
Selectmen of Merrimack

SELECTMEN'S REPORT

The year 1969 brought continuous growth problems to all the various services and departments serving the Town of Merrimack. While the area itself hasn't changed, the miles of road within the Town have increased to where they number two hundred fifty-eight. This necessitates increased work and material costs for maintenance services.

The plus side of the ledger shows Anheuser-Busch nearing its target date for completion. Nashua Corporation began limited operations in December of 1969 in their new 308,000 sq. ft. plant. The F.W. Webb Company is working on their new building which will add to the activity in the same area. Pilgrim Furniture has added Pilgrim Village, a retail store, to their plant. Star Industries plan a new addition. Orrin Connell has started work on a building complex and plans added space to house his buses. All industry, large or small, show evidence of progress to meet the growth in Town.

Merrimack's new Sewerage Treatment Plant is rapidly reaching completion and, with its completion, Merrimack will have one of the best treating facilities in the State of New Hampshire. The plant is designed for a long-range accommodation of industry and residential growth. The completion of this plant and its interceptor lines will permit the Town of Merrimack to comply with the State Water Pollution Commission's directive to cease and desist dumping waste into the Merrimack River. The Selectmen propose to continue construction of the interceptor lines in stage construction as rapidly as the participating agencies, the State of New Hampshire and the Federal Government, approve designs and specifications.

The Base Property Map, as authorized by the voters at last year's Town Meeting, has been awarded to a local concern, J.R. Blais Associates, and work has already begun on this project.

The reassessment of all property is progressing well with the

The Planning Board is redrafting the proposed revised zoning ordinance for presentation at a Special Meeting for acceptance or rejection by the citizens of Merrimack. Merrimack is represented in the Regional Planning Commission by the Chairman of the Board of Selectmen and a member of the Planning Board.

The Special Communications Committee and the Selectmen have been preparing a plan for Centralized Communications to propose to the voters, as communications is a serious problem affecting the Police, Fire and Ambulance services.

During the past year, we lost the dedicated services of Claude M. Maker, long time Town Clerk and Tax Collector, and Mrs. Mildred Fisk Morrill, Town Treasurer and Selectmen's Secretary, through the retirement route and they are both missed in the Hall. To add to this loss, the Selectmen received and, after a lot of debate, accepted the resignation of George Allgaier, our Fire Chief for sixteen years and a department member for twenty-four years. George and Marjorie have faithfully stood by the "Red" phone for all these years and feel they would like to give more time to their growing family. We feel particularly fortunate to have Herbert Duxbury step up from Deputy Chief to Chief.

You will note the improved appearance and cleanliness in your Town Hall. This is due to the constant work of Fred Fortune, the Custodian.

In summary, the Board of Selectmen feel that, despite the growth of the Town and the many new responsibilities thrust upon all, it has been a year of progress. We would like to express our sincere thanks and appreciation to all the various committees and all others who in any way helped to make the task a little easier.

TOWN ORDINANCES

1. NO PARKING, TOWN HALL: No parking at any time shall be permitted within twenty (20) feet of the Town Hall except for emergency vehicles and official vehicles. Passed: June 19, 1967

2. PARKING ORDINANCE: Prohibits all-night parking of vehicles on all public streets and highways, including such streets not accepted by the Town as are currently being serviced by public snow removal equipment, between the dates of November 15th and March 31st. Passed January 21, 1969.

3. DOG ORDINANCE: All dogs in the Town of Merrimack must be restrained. Any dogs not licensed will be disposed of. Passed April 1, 1966.

4. DOG RECOVERY: Any stray dog recovered by the local Police Department or Dog Officer shall be held in confinement for seven (7) days. Any owner may recover said dog within the seven-day period, upon payment of fees involved. The Town of Merrimack reserves the right to make disposition of such animal upon the expiration of the seven-day period. Passed June 23, 1969.

5. ENCLOSURE OF SWIMMING POOLS: Every outdoor swimming pool or family pool shall be completely surrounded by a fence or wall not less than four (4) feet in height. All gates or doors opening through such enclosures shall be equipped with a latch device to keep such gate or door closed when not in actual use. The provisions in this ordinance shall not apply to portable swimming pools whose measurements do not exceed ten lineal feet in diameter and do not contain a greater depth of water than one foot. Passed June 23, 1969.

6. MERRIMACK WASTE DISPOSAL AREA STICKERS: Each resident of the Town of Merrimack shall procure from the Board of Selectmen's Office a sticker which shall denote such resident's right to use the facilities of the Merrimack Waste Disposal Area. Be it further ordained that individuals not possessing this sticker, shall not be permitted the use of these facilities on and after July 1, 1969. Passed June 23, 1969.

MERRIMACK POLICE DEPARTMENT

This past year has brought many changes to our Town.

We all pray that these changes will be for the better, and will be a credit to all.

Due to the many changes and the tremendous growth, we the Police Department, are trying to meet and stay up with the many new demands, and are striving to bring the Department to a level where it will be possible to give the services that the Town expects to receive. To do this we need the tools to work with, such as manpower and equipment.

Knowing the many demands upon the Town by all Departments, we have tried to keep our requests to a reasonable minimum, yet be able to do the job in the manner that is expected, and is deserved.

There are many many great strides being made by the Town to cope with this growth, and we shall attempt to keep our best foot forward toward the end of giving the best service possible with what we have, and with what we are allowed.

Our deepest thanks to the fine people of the Town, and to the cooperation of the other Departments over this past year.

G. M. STEARNS, JR.
Chief of Police

MERRIMACK FIRE DEPARTMENT ANNUAL REPORT

In writing this report, I realize this is my last report as Fire Chief. At this time my resignation has been submitted to the Board of Selectmen, and to my knowledge my successor has not been named. I regret having to make this decision but I do so because I feel I am unable to devote the necessary time to keep the department up to the standards I wish to see. I would like to take this opportunity to thank all the members and officers of the Merrimack Fire Department, the Board of Selectmen, The Police Department, and the townspeople for the cooperation given me in the past.

In case of fire dial 4-5571. State location of fire. Do everything you can to keep the fire from spreading. Keep buildings closed as much as possible, and upon arrival of fire department, give them any information which may be of help to them.

Please keep all roads open so trucks can go and come at will, without being hindered by cars parked in the road.

Fire Department members currently are G. Allgaier, H. Duxbury, J.F. Hall, A. Jarry, R. Piscopo, A. Heath, F. Read, A. Kent, C. Hall, R. Bezanson, W. Allgaier, Jr., G. Beard, O. Decato, D. Dewitz, D. Dwyer, D. Flanders, P. Goodridge, D. Gordon, J. Greenfield, N. Hall, W. Hall, W. Hutchins, J. Janas, W. Johnston, H. Linscott, H. McCalvey, Jr., C. Mason, N. Lombard, C. Nute, Jr., N. Peppin, N.C. Pepin, E. Raymond, T. Read, B. Rogers, J. Roy, D. Smith, R. Soucy, E. Thibodeau, F. Twardosky, B. Tucker, C. Worster, C. Warren, E. Worster, L. Worster, W. Zintel.

GEORGE J. ALLGAIER,
Fire Chief

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

Less fortunate than our northern towns, we had too many fires. Carelessness in burning trash and discarding smoking material and children playing with fire caused most of the fires. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follows:

Fire Permit

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be prior to 9:00 a.m. and after 5:00 p.m.

Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

Penalties

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.

2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.

3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.

4. For dropping inflammable material in or near woodland, maximum fine is \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

Fires reported — State 453

Fires reported — District 95

CLARENCE P. WORSTER, Warden
WINTHROP H. HANNAFORD,
District Chief

CIVIL DEFENSE REPORT

The following members of M.A.R.S.: Fred Moriarty, Russell Luker, Harry Thurlow, Bernard Brault, Roger Papineau, Donald Hayes, Ray Cote, John Mendulousky, Jane Dwyer, Mary Moriarty, Mabel Hudon, Frank Colliton, Jr., Bill Twombly, Leo Rolerad, Ed Silva, Gene Godbout and Jackie Hamilton, would like to thank You — the townspeople, and the members of the Merrimack Police and Fire Departments and the Road Agent and his men, for their valuable cooperation and timely assistance throughout the past year.

Of the present 17 active members, 7 hold Red Cross Instructor cards, 7 have attended the 3-day course held at Dartmouth College, for Emergency Ambulance Operation, conducted by the N.H. Committee on Trauma, American College of Surgeons, and the N.H. Medical Society.

Eight members attended a 1-day seminar sponsored by the University of N.H., on Emergency Planning held at Bedford.

The Red Cross Instructors attend meetings each month at both the Nashua and Manchester Red Cross Chapters.

First Aid courses conducted by M.A.R.S. instructors are conducted regularly: with 3 classes completed in Merrimack; 2 Industrial classes held in Nashua, and 3 classes for Nashua Police Crossing Guards, during the past year.

Any Merrimack citizen 21-years of age or over, is eligible to join this civic-minded group of ambulance drivers and attendants, if they meet the following requirements:

1. They must possess a Red Cross Advanced First Aid certificate. (Assistance will be given for this requirement by instructor-members, holding First-Aid classes throughout the year.)
2. Possess a current New Hampshire driver's license.
3. Have good moral character.
4. Willingness to attend weekly meetings (Sunday's at 7 P.M.)
5. Good physical health.

Inquiries have been received regarding the dispatching of members to an emergency call; to clarify the procedure, the following method is used: Upon receipt of a call to police headquarters, the police will call a designated ambulance dispatcher, who will then call a member nearest to the ambulance, to drive the ambulance to the scene, immediately. The ambulance-dispatcher then calls the men or women, nearest to the emergency, who go directly to the scene; M.A.R.S. members are located

throughout the town, and emergency first-aid is then available immediately, even before the ambulance arrives. Each member's car is equipped with a First-Aid kit and blankets, to cope with and treat any emergency until the ambulance arrives – M.A.R.S. members are trained in First-Aid and Rescue.

Training for the members does not end with acquiring a Red Cross Advanced First Aid card; continuous training of new methods as they are perfected, study, films slides and constant practice at weekly meetings keep the members informed and alert to aid in the emergency care of the sick and injured. Attendance at Advanced Ambulance classes, given at Dartmouth College and the University of New Hamsphire are also utilized when the money is available, and many times at the volunteer's expense.

The following is a break-down of number of runs made in 1969:

Total Runs	152
General Accident	31
Automobile Accidents	47
Industrial Accidents	10
Heart Attacks	23
Poisoning	8
Strokes	4
Severe Illnesses	29

Persons in the above transports were given the choice of Nashua or Manchester hospitals when requested; emergency-hurry-up calls were taken to the nearest hospital when not specified:

St. Jospeh's Hospital, Nashua	52
Memorial Hospital, Nashua	38
Sacred Heart Hospital, Manchester	32
Elliot Hospital, Manchester	17
Notre Dame Hospital, Manchester	6
Miscellaneous	7

Respectfully submitted,
FREDERICK W. MORIARTY
Civil Defense Director

LIBRARY REPORT 1969

Number of books added by purchase, gifts, etc: 1969	515
Number of books discarded, 1969	20
Number of books lost, 1969	5
Number of books on shelves, January 1, 1970	15,160
Number of books and Magazines loaned, 1969	25,349
Magazine subscriptions, Adults:45	
Young People: 11	56
Magazines – gifts	4
New Names added, 1969 – Adults: 191	
Young People: 247	438

LIBRARY HOURS:

Monday evening	7 to 9 pm
Wednesday	9:30 am to 12 noon
	2 to 5 pm
	7 to 9 pm
Thursday	10 am through 5 pm
	7 to 9 pm
Saturday	2 to 5 pm

OVERDUE BOOKS:

Contact will be made for one week overdue. Cards will be sent or telephone calls made for two weeks lapse. Then a bill will be presented for the price of the book or books, and library privileges will be cancelled until such time as the book or books are returned and the fines paid, or the price of the books refunded.

The fine is one cent per day for each day overdue.

1,401 books were borrowed from the Book-Mobile from the Exeter Branch of the New Hampshire State Library, and 42 books from Nashua, N.H., our Service District Center.

The borrower is expected to pay the return postage on any books that may be sent through the mail.

Classes from school, accompanied by teachers, continue to be welcomed at the Library on Wednesdays and Thursdays.

The District Book Review Meetings this year were held at several District Libraries and librarians from Merrimack attended. Mrs. Beulah Haseltine, Librarian, was hostess for the November meeting.

National Library Week was observed from April 20th through the 26th. To celebrate this, the Book-Mobile from Exeter was in attendance for three hours in our parking lot on April 22nd. This allowed many patrons to look over the Book-mobile and do their own selecting — afterwards visiting the library for afternoon tea.

In May a 'Childrens Workshop' was held at the Bedford Library with several of the staff participating.

N.H.L.A. held their Annual Meeting at Plymouth State College in June. Mrs. Beulah Haseltine with three assistants attended.

In July and August Mrs. Shirley Small took charge on Wednesday afternoons of the Children's Story Hour. The attendance was very good.

Her daughter, Shirley Small, had an exhibit in the library at this time, of sea shells found along the New England coast.

Also in July a Used Book Sale was held in the Children's Room.

National Children's Book Week celebrated its 50th Anniversary from November 16th through the 22nd. In honor of this a 'Poster Competition' was held. Two third grades, Mrs. Coutris and Mrs. Paquette, from the Masticola School, attending the library by classes, participated. Mrs. Frances Swanson, a local artist, judged this contest, awarding a 1st prize for each grade: Diane Fisher — Mrs. Coutris: Dennis Normand — Mrs. Paquette.

REPORT OF THE ZONING BOARD OF ADJUSTMENT

A total of 26 requests for variances were formally submitted to and acted upon by this Board during the calendar year 1969. Public hearings were held on March 20, May 7, June 26, September 4, September 25 and December 12. Additional meetings were held for discussion of pending decisions as required.

Four of the 26 formal petitions were denied, four were granted in part with certain specific restrictions imposed and five were not acted upon. The remainder were granted as petitioned. Of the five not acted on, one was withdrawn by the petitioner during his hearing, two were remanded to a future hearing due to insufficiency of information submitted, and two were postponed to a future hearing at the petitioners requests.

Two petitions as noted above were by request postponed to a future hearing from one held on December 11. At this hearing only four board members were present and the petitioners and others interested desired a hearing before the full board. The Board at that time had only one permanent alternate appointed by the Selectman and he was already covering for one member by pre-arrangement. To insure that future hearings may proceed on schedule, the Board of Selectmen have appointed two additional permanent alternates to this Board. Arthur Carlson and Aaron Marderosian will serve in this capacity.

The 26 petitions received this year correspond to an equal number acted on last year, and continues a trend noted in last year's report. Even though the town continues to grow, requests for deviation from terms of the ordinances do not grow in number. Again we would like to attribute this at least in part to the efforts made by this Board to avoid capriciously encouraging deviations.

Action was taken by Superior Court on an appeal from a 1968 decision by the Board. The Boards decision stands as rendered.

At the request of the Town Planning Board, we attended a meeting held in November to discuss proposed changes to the Town Zoning Ordinances. It is hoped that a final draft of such changes may be available to this Board in time for our recommendations to assist townspeople in deciding any action they may be asked to take regarding changes to existing laws.

Currently the Board's membership is comprised as follows: Ronald Farland, Franklin Haseltine, John Lyons (Chairman), Walter Peavey, and Edwin Woodward. Alternates are Arthur Carlson, Aaron Marderosian, and Henry Therriault. Inasmuch as notification of all persons legally concerned with hearings requires scheduling many days in advance, the addition of two alternates this year together with Mr. Therriault who has served for the past two years, should simplify scheduling of hearings before a full five man board.

Respectfully submitted
for the Board
JOHN E. LYONS, Chairman

REPORT OF THE TOWN PLANNING BOARD FOR 1969

Progress was the keynote of the work of the Merrimack Planning Board for the year 1969. The Board completed the following reports of the comprehensive plan: Population, Major Development Goals, Existing Land Use, Land Suitability and the Base Map. The Rezoning report is near completion and it is hoped that the rezoning proposals will be ready for the annual town meeting in March. The Planning Board proposes after the completion of Phase I to enter into Phase II of town planning provided federal funds are available. Phase II will include reports on: Housing, 1990 Development Plan, Street Development, Schools, Recreation & Conservation, Water, Sanitary Sewerage, Refuse Disposal, Capital Improvements Program, and Land Subdivision Regulations, with the help of the Building Inspector all builders are escrowing money for the completion of streets in their developments.

The present members of the Planning Board are Chairman Richard J. Weed, Lester D. Langley, Roland L. Bigwood, John F. Berg who replaced Clarence W. Farr, Douglas N. Wilson who replaced Morris Liffman, Richard W. Baker, Jr. who replaced John Poor, and Selectman Harold L. Thresher who replaced David E. Pickering.

Respectfully submitted for the Board by:
RICHARD J. WEED, Chairman

REPORT OF THE BUILDING INSPECTOR

Residential building starts for 1969 were down because of high interest rates and a tightening of mortgage money. Last year 244 residential permits were issued. This year the total was 85 less.

259 permits were issued for a total valuation of \$12,178,000.00. A breakdown follows:

159 residences	Valuation \$3,220,650.00
70 alterations	218,150.00
20 commercial & industrial	8,739,200.00
10 signs	

With the completion of Anheuser-Busch Brewery, the new facilities of Nashua Corporation and the Sewage Processing Plant early in 1970, the progress of Merrimack is well established.

Respectfully

EDWIN S. JOHNSTON
Building Inspector

REPORT OF THE BOARD OF HEALTH

There has been no serious outbreak of infectious diseases this year.

There was one case of squirrel bite. The squirrel was sent to the State Laboratory but no evidence of rabies was found.

Again many homes were examined for qualification as Foster Homes and were found acceptable.

One home was inspected due to a complaint by occupant that sewerage was leaking from toilet upstairs into his apartment. The condition was deplorable and the landlord was advised to immediately make repairs. This was done.

Respectfully submitted,

LUTHER A. MARCH, M.D.
Health Officer

DISTRIBUTION OF THE SCHOOL DOLLAR

MERRIMACK SCHOOL DISTRICT

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Merrimack, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the School Auditorium in said District on the 10th day of March, 1970, at 6 A.M. in the forenoon to act upon the following questions:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board and Trustees for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To choose two members of the Planning and Building Committee for the ensuing three years.

The Polls will be open from 6 A.M. and will close no earlier than 6:30 P.M.

Given unto out hands at said Merrimack this 13th day of February, 1970.

SCHOOL DISTRICT WARRANT

March 3, 1970

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Merrimack, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the Jr. High School Auditorium in said District on the 3rd day of March, 1970 at 9 A.M. in the forenoon to act upon the following questions:

Article 1. To see if the District will vote to provide that the vote under Article 2 of this Warrant shall be taken by Ballot as provided in Chapter 59 of the Revised Statutes Annotated of New Hampshire between the hours of 10:00 A.M. and 6:00 P.M. on this 3rd day of March, 1970 at the Jr. High School Auditorium.

Article 2. To see if the District will vote to authorize the design, construction and equipping of an addition to the Reeds Ferry and Thorntons Ferry Schools and to appropriate a sum not to exceed \$1,200,00. for the aforesaid purposes. Said sum to be in addition to any bond investment interest and other local, State or Federal funds made available therefor, and to raise the same by issuance of bonds or serial notes in accordance with the provisions of the Municipal Finance Act, Chapter 33, of the Revised Statutes Annotated of New Hampshire, as amended, and to authorize the Merrimack School Board to so issue and negotiate said bonds or notes in the name of or on the credit of the District, said board to have discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds.

And you are further notified that if the District votes to do so under Article 1 of this Warrant, voting will be done at the Jr. High School Auditorium and the polls will be open from 10:00 A.M. in the forenoon until 6:00 o'clock in the afternoon, March 3, 1970, or such later time as the voters may determine.

And you are further notified that action under the remainder of the Warrant beginning with Article 3 will resume at 7:30 P.M. this date in the Jr. High School Auditorium.

Article 3. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for the school district and agents and for the payment of statutory obligations of the District.

Article 4. By Petition – That school bus service be provided to the residents of Chamberlain Hill as follows: That any such bus service shall include at least one stop for both the picking up and discharge of the school children at the top of the said Chamberlain Hill.

Article 5. To see if the District will vote to authorize the State Tax Commission to audit the records of the District.

Article 6. By Petition – To see if the District will vote to approve the formation of a Committee to study the feasibility of withdrawing from Supervisory Union No. 27.

Article 7. To see if the District will vote to authorize the School Board to deposit all unexpended balances at the end of this fiscal year in the Capital Reserve Fund.

Article 8. By Petition – To see if the District will authorize the School Board to enter into a boundary agreement with Mr. & Mrs. Billie D. Baker to more clearly define the property lines between their property and School District property and to execute any documents necessary for said agreement.

Given under our hands at said Merrimack this thirteenth day of February, 1970.

Estimated Total Revenue	327,053.40	1,313,282.00
Estimated Total Appropriation	1,503,212.00	3,237,342.00
Estimated to be raised by taxes	\$1,176,158.60	1,924,060.00

SCHOOL BOARD REPORT

The School Board has had an exceptionally busy and productive year. The voters of the District approved an appropriation to construct an addition to the Merrimack High School facility to handle the student population growth that is already upon us. The building addition is part of a multi-stage long-range plan that eventually will include all the necessary facilities for an excellent and expanded secondary program. The Planning and Building Committee has worked with the Board in a most efficient and cooperative manner and has enabled the Board to get a much deeper and balanced approach to our building programs.

The expansion of the High School also includes the construction of a new access road from the Baboosic Lake Road along the Public Service Right of Way to the High School. This should provide some relief from the massive traffic problem we encounter daily.

The Board has met with the Bedford School Board on several occasions to explore the possibility of some sort of consolidation in the high school area, but your Board has come to the unanimous decision that Merrimack will be better off if we continue our present system and remain independent.

The budget for the ensuing year has been reviewed extensively and the Board feels that this appropriation is necessary, as submitted, to maintain our present program with some improvements, which are within our ability to pay.

For the future, the Board is currently conducting an extensive study on building utilization and exploring several possibilities for using our schools on a twelve-month basis. We have not reached a point where we have any specific proposal or alternatives, but this study is being given high priority by the Board.

We would like to extend our appreciation to the Superintendent and his staff for the excellent performance they have rendered to our District during the past year.

**CHARLES F. MORRILL
WILLIAM A. ERNST
MARTIN F. KELLEY**

Merrimack School Board

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Merrimack:

The Special School District Meeting on October 29, 1969, approved a bond issue for an addition to Merrimack High School which we hope will be completed by September, 1970. This is a significant milestone in the progress of our public education program. In accordance with the recommendations of the evaluation team of two years ago Merrimack High School will become an accredited member of the New England Association of Colleges and Secondary Schools and will fulfill the requirements of our own state department of education and become a comprehensive high school in New Hampshire. For the next few years at least our high school building problems appear to be solved.

Our continued growth and increased pupil enrollments cause persistent space needs at the elementary level. In September, 1968 we enrolled 1574 pupils in grades 1-8 against 1796 a year later. We project a grade 1-8 enrollment of 2153 for next September. We are currently utilizing 71 elementary teaching spaces. We require an additional 13 spaces to maintain our present program and pupil-teacher ratio or a minimum of seven additional spaces just to accommodate our projected enrollment without regard to class size. We propose to house 58 divisions of pupils grades 1-6 at Reeds and Thorntons Ferry, Mastricola and the Grammar Schools for 1970-71 and 19 divisions of pupils in grades 6-9 at the Junior High School. To do this every available classroom in all five schools will be used and in addition, the double rooms at Reeds and Thorntons and the library at Reeds Ferry School. We cannot house additional pupils beyond this date.

The problem for housing expected additional pupils and maintaining and improving existing programs after 1970-71 becomes a very real problem now. Various solutions and alternatives are available in terms of additional school construction. Immediate additions to both Ferry Schools appears most logical inasmuch as they are both designed to accommodate additions and the town's expansion appears to be in both of these directions. Each school should be enlarged immediately to educate about 800 pupils with related program facilities.

This will provide the district time to investigate and explore alternatives to school construction. Various approaches like the Extended School Year and forthcoming recommendations for the Task Force Study Report should be carefully examined. In the final analysis the district may well find itself in a position to select an alternative to immediate and additional new school construction.

In conclusion I take this opportunity to acknowledge the continued efforts of the school board and instructional staff in providing educational service to the children of Merrimack.

Respectfully submitted,

CLAUDE H. LEAVITT
Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

Mr. Claude H. Leavitt
Superintendent of Schools
Merrimack, New Hampshire

Dear Mr. Leavitt:

The following report has been submitted in order to discuss in some detail the various curriculum aspects which I have focused my attention upon as Assistant Superintendent of Schools in Instruction for the Merrimack School District.

It is premised that if an elementary school meets these printed minimum standards an adequate program of elementary education will be provided. To this end a steady effort has been made to assess the status of the elementary schools in the Merrimack School District in terms of facilities and programs and how they compare to the printed minimum standards.

In terms of minimum standards Merrimack School District has a number of obvious needs which include additional personnel in the areas of art, music, physical education, administration and guidance, in addition expanded library facilities and personnel, formalization and outlining of curriculum areas, and expanded services for the exceptional child particularly special education. Although not required by the minimum standards but strongly recommended by the standards as well as the office of the Superintendent of Schools concern that provisions be made for the implementation of a kindergarten program in order to take advantage to a greater degree that formative years of a child's life. The above needs have been recognized and budgetary provisions are being made for their eventual implementation.

Recently a study was conducted by the office of the Superintendent of Schools at the request of the Merrimack School Board. The ensuing study concerned itself with the reasons and rate of grade one retention as well as to suggest method of reducing this retention rate. Topics of concern in the study were grade one entrance age, affluence and its resulting affect, student sex, absenteeism, socioeconomic factors, staff stability and experience, reasons for retention, facilities in lieu of retention and predicting grade one failure. The report concluded that the Merrimack School District had a grade one retention rate above the mean rate of retention for Supervisory Union No. 27 and further identified specific reasons for this rate. The major reason given for grade one retention rate was the lack of facilities to serve as an alternative to retention, (readiness

classes and transitional classes). The report concluded that a progression of administrative and organizational steps should be pursued ultimately leading to a continuous progress program whereby no one will be retained but would continue on the academic trail in accordance with his or her capabilities. In addition each child should be subjected to a thorough physical and psychological evaluation prior to school entrance to determine their capabilities and needs.

This academic year has been marked by the constant evaluation and deliberation of various curriculum committees composed of staff members in Supervisory Union No. 27. Notably under study during this year has been the Science and Social Studies curriculum throughout the Supervisory Union. Several members of the Merrimack school staff have volunteered their time and energy in order to assist these communities to a purposeful conclusion. We all well know the necessity for constant curriculum evaluation and revision particularly in the areas of Science and Social Studies which has so markedly changed in the few recent years. Hopefully in the not to distant future a report of recommendations and a curriculum outline will be forthcoming.

A great deal of effort has been placed upon the library and its related facilities and functions during this school year. With the expansion of the Merrimack School Districts school facilities the necessity for a centralized — well coordinated library media center is apparent. To this end emphasis is being placed on the library and its related areas as the core to the learning environment of the school. Programs are presently being developed in which teachers will be trained in the use of media centers and to the advantages of these centers. In addition centralization and the cataloging process is well underway.

Respectfully submitted,

CHADWICK C. CHASE
Assistant Superintendent

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS (PERSONNEL)

Dear Mr. Leavitt:

The following paragraphs constitute my report, as Assistant Superintendent, in charge of personnel, in the School District of Merrimack, New Hampshire.

Once again, during the current school year, we have had to increase the size of our professional staff in order to accomodate our growing school population. We added a total of seventeen professional staff members at the elementary level including 12 classroom teachers, 1 music teacher, 1 art teacher, 1 librarian, 1 guidance counselor and 1 reading supervisor. At the high school level we added only 1 teacher for choral and instrumental music.

Over and above the additional personnel a total of twenty-three people who had been with us during the previous year left, for a variety of reasons, representing approximately a 24% turnover in the 1968-69 staff. Since school began three teachers have been replaced. The additional teachers coupled with the turnover necessitated the recruiting of 44 new teachers, one of whom is yet to be hired. In the recruiting process we have attempted to attract new personnel from as varied a background as possible. It is our hope, that in this manner, we can develop a staff with a variety of skills and techniques representing a wide spectrum of educational theory. The following list indicates the schools represented by the 44 new staff members:

College	State	Number of Teachers
Keene State College	New Hampshire	6
Plymouth State	New Hampshire	5
Notre Dame	New Hampshire	5
Rivier	New Hampshire	4
University of Maine	Maine	3
Lowell State College	Massachusetts	3
University of N.H.	New Hampshire	2
Knox College	Illinois	1
Radford College	Virginia	1
Potsdam State College	New York	1
Mass. College of Art	Massachusetts	1
West Virginia University	West Virginia	1
Lyndon State College	Vermont	1
Westfield State College	Massachusetts	1

Art College of No. Carolina	North Carolina	1
Gordan College	Massachusetts	1
Coe College	Iowa	1
Regis College	Massachusetts	1
Parsons College	Iowa	1
Tufts College	Massachusetts	1
University of Connecticut	Connecticut	1
Boston State College	Massachusetts	1
VACANCY		1

A significant part of the total school staff are engaged in duties somewhat different from those performed by the average classroom teacher. This would seem to be an appropriate time and place to review their duties and describe the particular role they play in the everyday operation of the schools.

At the present time there are two guidance counselors at the elementary level servicing approximately 1800 students and one high school counselor to service approximately 500 students. The function of the guidance counselor is:

1. To identify each child's intellectual and personal characteristics.
2. To see that each child develops to the maximum of his academic and creative growth.
3. To diagnose and provide for preventative and corrective action for any learning and personality problems.

In the area of reading we employ two reading supervisors. The functions of the reading supervisor is to work with the teachers in a resource and supervisory capacity for approximately 50% of the time and to function in a clinical capacity working with individual children or small groups of children for approximately 50% of the time. One of our two positions has been vacant since school began due to a late summer resignation.

This year, for the first time, the elementary schools are serviced by one full time, qualified school librarian who is assisted by part time, volunteer help. Her function is to oversee all facets of the school library program including purchasing, cataloging, staffing and maintaining the libraries. She also catalogues and controls audio- visual material within the concept of the school library resource center. We also have one full time librarian at the high school level whose function is identical to that of the elementary librarian.

In the art department we have two full time people at the elementary level and one full time person at the secondary level. Through the art program the child may:

- exercise his imagination
- develop aesthetic judgement
- acquire sensitized awareness
- grow in ability to observe
- use his creativity
- gain in skill
- learn something of his art heritage.

In the area of music we have three full time people. Two work at the elementary level while one instructor teaches choral and instrumental music at the high school. The function of the music program is to develop a basic understanding and appreciation for music while helping those so inclined to gain in skill.

We currently employ one full time special class teacher. This program is designed to help those children who are sufficiently academically retarded to require the type of instruction possible in a small group situation under the guidance of a person who is prepared to work with children so handicapped. Hopefully many of these children will overcome their academic deficiencies and find their way back into a regular classroom situation.

The Merrimack School District also retains the part time services of a speech therapist who spends three full time days a week in Merrimack.

With funds provided through Title I of the Elementary and Secondary Act of 1965 we have the services of a child psychiatrist available approximately one half day per week. Children whose problems are serious enough to warrant this type of assistance are referred through the guidance department.

Through the services of our regular teaching staff coupled with the specialized skills of the various staff members previously described we hope to offer the type of comprehensive programs needed to help each child realize his optimum potential. However, in the final analysis, we would emphasize that the quality of the instructional program is proportionate to the quality of the instructional staff. Every effort, both financial and otherwise, must be made to hire and retain teachers of the highest calibre.

In closing I would like to thank the School Board and yourself for your direction and guidance, Mr. Taylor, Mr. Smith, Mr. Lashua, Mr. Buck and the entire school staff for their unfailing cooperation and finally the citizens of Merrimack for their commitment to excellence in the total educational program.

Respectfully submitted,
 PETER G. DOLLOFF
 Assistant Superintendent

HIGH SCHOOL PRINCIPAL'S REPORT

It is with great anticipation that we look forward to the additional facilities which will soon be available for the high school students.

The enrollment figures for 1968 were somewhat higher than the number of students for which the building was constructed, and this made it necessary for us to "hold-the-line" in some areas of programming.

In some situations it was necessary to limit certain elective offerings to a particular grade or class.

The new building will not only provide more room, but will provide more adequate accomodations for Art, Industrial Arts and Foreign Languages and enable us to strengthen our program considerably.

Driver Education was offered to students during the summer and was very well received. It is hoped that other offerings may be made available to the students in the near future.

Some of the highlights of the 1968-1969 school year are listed below:

September — Student elections were held following the opening of school. The results of these elections were as follows: Student Council — President, Allen Penrod; Vice President, Donna Biathrow; Secretary, Diane DeSalvo; Treasurer, Robert Wong; Senior Class — President, Richard MacGuire; Vice President, Charles Lemay; Secretary, Donna McKenney; Treasurer, Nancy Snow.

October — Mr. Hackett and members of the yearbook and newspaper staffs attended a Publications Conference sponsored by the New England Scholastic Publishing Association, at Boston University. Copies of our newspaper were submitted and received a rating of Superior.

The Varsity Soccer Team finished the season with seven wins, three ties and six losses.

November — Open House was held at the high school on November 13 in recognition of American Education Week. Members of the Future Teachers of America Club were hostesses for the evening.

The Drama Club, directed by Mr. Duane Brown, presented "Critics Choice" on November 22 and 23. Leading roles were played by Allen Penrod and Christine Jensen.

On November 26, one hundred and twelve members of our Science classes traveled to Boston to tour the Boston Science Museum.

December — The Merrimack High School "Voice of Democracy" contest sponsored by the Veterans of Foreign Wars, was won by Debra Shorey. Debra received a trophy and a Savings Bond from the Merrimack Post.

The Varsity basketball team participated in the Annual Monadnock League Holiday Tournament at Mascenic Regional High School. They were defeated in the first round by Hollis High School.

January — Karen Ryan was chosen, by her classmates and faculty members to be the recipient of the D.A.R. Good Citizenship Award.

February — The Fifth Annual Winter Carnival sponsored by the Student Council was held during the week of February 3. At the Carnival Ball on February 8, Doris Schimmel was crowned as Queen of the 1969 Winter Carnival.

March — The first week in March closed out another very successful basketball season. The Varsity team posted a winning season and were presented with the Monadnock League Championship Trophy. Seeded second in Class "M", the Merrimack Team was awarded a "bye" for the first round of the State Tournament, and lost by a narrow margin to Pittsfield High School in the quarter finals. This marked the third successive year that Merrimack had participated in the N.H.I.A.A. Tournament.

April — Merrimack High School Cheerleaders participated in the Peterborough Invitational Tournament and were awarded a trophy for third place. Members of the participating team were: Sandra Nute, Capt., Joanne Kelley, Doris Schimmel, Donna Joyal, Edith O'Dell, Lois Lameka, Kathy O'Gara, Sandra Nyblom, Joyce Harvey and Diane DeSalvo.

Daniel Greenleaf, Allen Penrod, Karen Ryan, Lona Ray, Patricia Kerr and Carl Pickering participated in the "Youth and Government" program sponsored by the Y.M.C.A. They attended a District Caucus in Milford, a training session at Dartmouth and a two-day program at the State House in Concord.

Carol Scherer was accepted by St. Paul's School of Concord, to attend the Advanced Studies Program which is offered in the summer, for outstanding students throughout the State.

New members of the Robert McGaw Chapter of the National Honor Society were inducted at a program on April 18th. Mr. Bernard Boutin, President of St. Michael's College, Winooski, Vermont, was the speaker of the day.

May — The Merrimack Booster Club honored all high school athletes at their Annual Athletic Banquet. The main speaker for the event was Mr. Leo Cloutier, syndicated sports columnist from Manchester, who presented some guests of the evening with baseballs, autographed by Major League baseball players.

The Class of 1970 enjoyed a highly successful Junior Prom at the "88" Restaurant in Nashua. Doris Schimmel was crowned Queen of the Prom. Her aides were: Donna Biathrow, Rosella Hayes, Sandra Nyblom, Lois Lameka, Debra Shorey and Betty-Jane Thompson.

June — Senior Activities began with the Annual Senior Outing at Nantasket Beach on Friday, June 13.

On June 17, Class Day Exercises were held in the Junior High Auditorium. The program was highlighted by the presentation of Senior Awards, which are listed in another section of this publication. Following the Class Day Exercises the Seniors and their parents were honored at a tea and reception in the High School building.

Graduation Exercises were held in the Gymnasium on Thursday, June 19. The Commencement address was delivered by Mr. Donald P. Woodrow, Vice President of New England College, Henniker, New Hampshire. Diplomas were presented to all graduating seniors by Mr. Claude H. Leavitt, Superintendent of Schools.

Profile Boys State and Granite Girls State, sponsored by the American Legion and the American Legion Auxiliary, were attended by Steven Minuti, Herbert Hall, Helen Johnson and Debra Shorey. These activities took place at the University of New Hampshire and New England College during the week of June 22.

Respectfully submitted,

H. DANA TAYLOR

MERRIMACK JUNIOR HIGH SCHOOL

PRINCIPALS REPORT 1969 – 1970

In September 1966, Merrimack Junior High School opened its doors as a middle school. At that time there were seventeen (17) classes of 5–8 students and two (2) classes of grade 4 students. This numbered approximately 560 students under very crowded conditions. In four short years, Merrimack Junior High now houses only fourteen classes of 7th and 8th grade students and five (5) classes of 6th grade students; a total of 510 children. Fortunately this rapid expansion has not required that our academic program be curtailed. Each child receives a full program of math, language, science, social studies and reading five days per week. In some areas, such as Art, Music and Band, we have been able to add to the program. These additions, while significant, have not been developed to the broad scope we might desire. There are, also, the areas of industrial arts, physical education, foreign languages, and special education that are sorely needed but can not be provided. Space is a critical factor in determining our program and although we recognize that our program needs to move forward into these areas that have been mentioned, our physical situation will not allow it.

In the school year 1968-69 a more comprehensive music program was begun. This included the development of music classes and the beginning of a chorus and a band. These were under the direction of Mrs. Mary Ann Logan. In September of 1969 this program was expanded with Mrs. Logan working with the music classes, a general chorus, a special chorus, and a boys chorus. The band is now under the direction of Mr. Richard Maynard and includes not only a general band group but also individualized instruction to those students wishing to participate.

The Junior High has established two annual events. The spring variety show was again a huge success under the direction of Mr. Raymond Raudonis. This past year, the June Field Day was expanded to two days with many more events added to the program. This program is directed by Mr. Demetrios Perdakis with assistance from the entire faculty.

Perhaps the most successful project this past year involved the utilization of a community resource. Judge Charles Morrill with the able assistance of Chief Granville Stearns and Members of the Police Department conducted weekly mock court sessions for all the students of the school. Court procedures and sample cases were illustrated, followed by a question and answer period. It was felt by all concerned that this program was very worthwhile and the school is greatly indebted to those people who contributed many hours of their time to make this a successful enterprise.

An awards day was held at the conclusion of the 1969 school year. Ribbons, trophies and certificates were presented to those students who had participated in interscholastic athletics or won events during the field day. Pins and certificates were awarded to students for perfect attendance, scholarship and student council. There were 44 pins awarded for perfect attendance, 16 pins awarded for honor roll, and 33 pins awarded for student council.

This year there are two union wide committees working on curriculum revisions in the areas of science and social studies, Mr. Raymond Raudonis represents Merrimack in the social studies field and is chairman of the committee. Mr. Demetrios Perdikis represents our school in the science field. All teachers participated in a workshop in November that was concerned with the incorporation of a linguistic program in the language area.

The 12th Annual Watkins Spelling Contest was held on June 5, 1969. Mr. Peter Dolloff, Assistant Superintendent was pronouncer. Prizes awarded were:

1st	\$15.00	Gary Greenspan	8th Grade
2nd	10.00	Peter Dugas	7th Grade
3rd	5.00	Marcia Webster	7th Grade
4th	1.00	Susan Debelis	7th Grade

The 23rd Annual Watkins Prize Speaking Contest was held on October 31, 1969. The Participants were as follows:

- | | |
|-----------------------|--|
| 1. Mike Johnstone | "How Tom Sawyer Whitewashed the Fence" by Mark Twain |
| 2. Cathy Decato | "Situation-Baby Sitter" by Ginny Prunch |
| 3. Linda Houle | "The Chimes of Medina" by Lawrence R. Simpson |
| 4. Collette D'Anjou | "Why Do I Do These Things?" by H.B. Moore |
| 5. Debby Greenleaf | "The Gym Hour" by Edna Means |
| 6. Anna Marie Bradley | "Bobby Shaftoe" by Homer Greene |
| 7. Mark Hayward | "Absent-Minded Professor" by J.L. Barbour |
| 8. James Bouchard | "Boy in the Bleachers" by Albert Brown |
| 9. Donna Bellville | "The Sparrow's Fall" by Leota Hulse Black |
| 10. Jeffrey Jenkins | "Me and Skinny" by J.L. Harbour |

Director of Program – Mrs. Alice Dickinson.

Prizes for the 23rd Annual Watkins Prize Speaking were:

1st	\$30.00	James Bouchard	8th Grade
2nd	20.00	Mark Hayward	8th Grade
3rd	10.00	Donna Bellville	8th Grade
4th	5.00	Collette D'Anjou	7th Grade
5th	1.00	Anna Marie Bradley	7th Grade

Respectfully Submitted,

RALPH M. SMITH, Principal
Merrimack Junior High School

**REEDS FERRY SCHOOL
THORNTONS FERRY SCHOOL
ANNUAL REPORT**

The school year 1969-70 got off to a very smooth start. As was expected, our enrollment continued to climb. The Reeds Ferry School has 360 pupils while the Thorntons Ferry School has some 385 pupils. The fourth grades at Thorntons Ferry were so overcrowded it became necessary to transfer twenty pupils to the Mastricola School. We wish to thank the parents of these youngsters for their splendid cooperation when their children were moved.

As we look ahead to 1970-71 we once again will be overcrowded. At the Reeds Ferry School every classroom plus the Library will be utilized to house the children. At Thorntons Ferry we will be using every available space plus sending two rooms to the Grammar School. Several classrooms at each school will be overcrowded next year, but we have no choice until additions can be built at each school.

One of our problems has been the lack of playground equipment. Thanks to the efforts of the Merrimack P.T.A. and friends, we did get some swings installed at the Reeds Ferry School. A similar effort was made at Thorntons Ferry School but the continual rain and then snow, defeated us. It is hoped we can make improvements in our play areas next year.

Our curriculum continues to undergo constant updating. This year a linguistics program was introduced in the first three grades. New spelling materials utilizing the linguistics approach were also introduced in grades 1-3. At the present time we have study committees working in the areas of science and social studies. One might ask, "What ever happened to the old 3 Rs? I am happy to report the 3 Rs are still with us and in fact, occupy a major portion of our time. Many of the curriculum changes we are making are necessary if our boys and girls are to compete successfully with other children in New Hampshire and across the nation.

We thank the Merrimack P.T.A. for the tether balls and chinning bars they provided for our schools. We also wish to thank the School Board and the citizens of Merrimack for their cooperation during the past school year.

Respectfully submitted,

CHESTER S. BUCK
Principal

MASTRICOLA ELEMENTARY SCHOOL

Principal's Report

This is a dividend year of class sizes conducive to excellent academic progress. We're enjoying it to the hilt because all indications point to over-size classes again next year and a re-opening of the Merrimack Grammar School, a school that has been closed for the last time a number of times. Our excellent faculty has been unduly decimated through a number of illnesses and several pregnancies. Good fortune has been ours in finding very capable replacements. Unbalanced district growth necessitated the minor change of some fourth graders who were shifted for the year to elementary schools other than those in their own neighborhoods.

A major curriculum emphasis this year is first grade readiness grouping to better meet pupils' academic needs. In late spring Mrs. Richardson, Elementary Guidance Counselor, tested all incoming first graders with a Metropolitan Readiness Test to determine their readiness for a first grade curriculum. Pupils were grouped by these results for placement in a readiness class where the major emphasis is readiness for a first grade program. The curriculum is flexible and pupils may move ahead in compliance with their own rate of progress. Parents of readiness pupils attended a special afternoon meeting on September 24th at which time the specialized curriculum and the special needs of their children were discussed. Grouping to meet pupils' special needs is a challenge because of growth problems and resulting over-crowded conditions. First grades in Mastricola School have increased this year from four to seven. Experienced teachers for first grades are difficult to find.

Emphasis in the Mastricola School over the last few years has been to help children succeed before moving them on through school into levels of work for which they are not ready. It is more discouraging and detrimental to pupils to find themselves in a level of work which they can't successfully accomplish than it is to be given the opportunity to succeed, even if it takes a little longer. Rates of retention in grades other than first have been exceedingly low, which means a good start has meant greater success in all other grades.

The reasons why first grade pupils need more academic attention are many and varied, with modern research findings adding more knowledge by the day. Many of these findings are of national interest and are subjects of newspaper and magazine articles, books, and television programs. In conjunction with the thorough studies completed by Dr. Ames and Dr. Ilg of the Gesell Institute concerning developmental immaturity, we now have

a new field of knowledge classified as learning disabilities. Many of our first graders who need more time in our organizational structure classify under the area of developmental immaturity or as having learning disabilities.

In spite of the fact that the New Hampshire State law says that children shall attend school if they are six years of age on or before September 30, many are not ready for a first grade curriculum at their chronological age of six. They are not emotionally, intellectually, physically or socially ready to profit by the experience, and are often harmed by the resulting frustrations. Some of these are the pupils whose needs we are meeting through readiness grouping.

A recent interesting newspaper article by Anne McIntosh of the New Hampshire ACLD, an association of people interested in children's learning problems, stated that learning disabilities do exist from severe to mild degrees in from 5% to 30% of children who have normal to very high I.Q's. She said that these disabilities explain why some youngsters cannot learn to read and write as easily and as well as they should in spite of good intelligence, good teachers, good motivation and intact senses of sight and sound. Neither they nor their parents are to blame for their problems. They have one or more medical and educational difficulties which are termed learning disabilities or perceptual handicaps, which can and should be treated. She went on to say that most children would perform if they possibly could, and that children with learning disabilities show such a wide degree of different symptoms that it takes a professional team to pinpoint the exact kind of difficulty involved.

With these research findings in mind, we want you to know that until we can consistently maintain small classes, establish kindergartens and have special teachers who have been trained to teach pupils who have learning disabilities, the best way we can meet the first graders' needs is through readiness grouping and through giving some the opportunity (some might say luxury) of an extra year to successfully accomplish the first grade curriculum, so that they are off to a non-frustrating school life. A rewarding fact to date is that a comparison of our standardized test results (Stanford Achievement Tests) with the supervisory union schools has placed us among the highest in achievement.

In-service growth has been in the active category this year. In addition to standard opening workshops in reading, math and handwriting, we have had two major curriculum workshops, one centered around linguistics and the other on learning disabilities. In addition, meetings about elementary school libraries and elementary guidance were held. Early in the school year an in-service workshop was held for substitute teachers during which principals from Supervisory Union No. 27 schools

presented their views on effective use of substitute teachers and they reacted to audience questions. I took part in this panel. During this same program the American Book Company Consultant, our developmental reading series publisher, Mrs. Powell, spoke to the substitute teachers and held an after school meeting for elementary school teachers. One workshop afternoon was devoted to parent-teacher conferences. The response at the Mastricola School was most gratifying. In addition to these activities, many teachers continue to take extension courses for professional improvement.

The Merrimack P.T.A. is active and cooperative again this year. They contributed two featherweight mats, as well as several musical albums, and many educational games, a result of parent gifts given to them at the Christmas program. A successful Book Fair was conducted and, for the first time this year, a most popular cupcake sale was held during morning recess. Mastricola pupils took part in the P.T.A. sponsored Christmas Program. They were Miss Connie Ager's fifth grade and Miss Nancy Webber's first grade. Mrs. Richardson, elementary guidance counselor spoke to a P.T.A. meeting and a panel of administrators responded to audience questions. Merrimack Teachers' P.T.A. Executive Committee representative is Mrs. Ellingwood from the Mastricola School faculty.

Special student activities have been many and varied. A Science Fair was held by fifth graders under the direction of Miss Ager and Mrs. Ayer to which parents were invited. Educational assemblies included one designed to develop inquiring minds entitled, "Let's Learn", and one on the history of music. Outside specialists came into the classrooms to demonstrate foil sculpture and puppetry. Field trips included the Boston Museum of Fine Arts and Museum of Science, the Stoneham Zoo, the Friendly Farm and Benson's Wild Animal Farm. The Merrimack Junior High School Choral group serenaded the Mastricola pupils at Christmas time by strolling through the halls singing Christmas carols. This was a highlight of the year and very ably conducted by Mrs. Logan, the elementary music teacher.

Two Supervisory Union No. 27 curriculum committees are functioning during this school year. Mrs. Margaret Brown, a fourth grade teacher at Mastricola School, is serving on the Science Curriculum Committee; and Mrs. Carole Coutris, a third grade teacher at Mastricola School, is serving on the Social Studies Committee.

The Title I Advisory Committee is active again this year. The purposes are to review the kinds of pupils' services being offered through the use of money received through Title I and to act as a sounding board for community opinions and recommendations. Serving this year are Mrs.

Helen Ernst, Mrs. June Johnsen, Mrs. Anita Creager, and Mrs. Ruth Parkhurst and Mrs. Marjorie Dow, as well as various school officials. An initial meeting was held on October 14. Mastricola students attended a Bedford summer school. This summer school was financed through the Title I funds for pupils who needed the academic assistance and would not have received it otherwise.

Educational progress continues to be a keynote in Merrimack with the expansion of facilities through building programs and the addition of needed personnel. Mrs. Aletheia Swain, a professional librarian from the Milford School district, has joined us this year and is busy organizing and administering to the library and audio-visual needs of all the elementary schools and the junior high school. Mrs. Beverly Myette is the new speech therapist and a recent addition is Mrs. Jean Smith, an elementary art teacher. It is hoped that in the future we will have the facilities for a physical education program and that this curriculum dimension may be added.

It continues to be my pleasure to work in Merrimack and be a part of one of the fastest growing communities in the state of New Hampshire.

Respectfully submitted,

PAUL C. LASHUA
Principal

MERRIMACK HIGH SCHOOL

Guidance Report

The Guidance and Counseling program at Merrimack High School traditionally sought to accomplish its objectives of meeting the needs of the students despite crowded conditions.

We were particularly pleased to be able to have for each student a fourteen page handbook describing the services offered by the program. (Copies of which are available for any interested person). The question mark on the cover of this publication symbolizes the many questions, doubts and uncertainties that a student may have about himself, his future and the world around him. It is the purpose of the Guidance Department to provide professional assistance in the student's search for these answers and solutions.

Counseling is the primary guidance service. Counseling is a student-counselor relationship in which a student has the freedom to express his ideas, feelings, and attitudes. The student is encouraged to seek information and examine alternate possibilities of solution before acting. Counseling seeks to help students assume responsibility for making plans and reaching decisions.

The counselor gathers and organizes information about the student from grades, standardized tests, information forms, and conferences with teachers, parents and students. He interprets this information to the student to help the student deal with needs and problems as they present themselves. These may be vocational, educational, personal or social. The counselor may refer the student to other agencies and specialists.

The counselor shows how interest, aptitudes and abilities work together. Through various activities and sources such as guest speakers, student visits, filmstrips, tape recordings and publications he provides information about careers.

Several of our students had an opportunity to participate in the Sanders Electronics Explorers Post. This is a recent organization for students of high school age who have a basic interest in electronics and want to learn more about electronics and its related fields. Sponsored by Sanders Associates Inc. of Nashua the group elected its own officers and ran their own meetings.

Through a series of meetings and programs they had an opportunity to follow through with their interest in electronics by seeing first hand how electronics are applied to everyday life, how the electronics industry operates and what the educational requirements are for a career in this field. The students met, talked and worked with Sanders engineers and

technicians who familiarized the students with principles and problems in electronics. Through speakers, visits and films they gained new insights into the relationship of electronics and law enforcement, sports, sound, computers and oceanography.

In addition to our regular program of providing visits and meeting with representatives from a variety of schools and colleges for those students interested in post-secondary education, Dave Hackett of the English Department assisted me in bringing together a group of alumni who are presently attending college to meet with college-bound seniors. The purpose was to present a more realistic and practical view of college life; the problems and difficulties generally encountered by college freshmen. This opportunity to "tell it like it is" was of significant success, certainly enough so that there is every indication that it will become a permanent part of our program.

We have continued our participation in the School Cooperative Program sponsored by the Nashua Employment Security Office whereby seniors who are planning on employment immediately after graduation are provided with a series of vocational aptitude tests, the results of which are used in assisting them to find jobs.

An increased number of students over the previous year were able to obtain part-time jobs through the H.E.L.P. program. Helping to Employ Local Pupils is a cooperative venture between the Chamber of Commerce and this office in which the employer notifies the school of job openings and we in turn inform the interested student. We feel this provides an important opportunity for young people to gain valuable work experience.

I would like to take this opportunity, on behalf of the students and myself, to express sincere appreciation to the citizens of Merrimack, the School Board, the school administration and the faculty for their understanding and support of a program of services that attempts to meet the total needs of its young people. With the median age of a citizen in Merrimack presently estimated at twenty-two, it would indeed seem wise to provide our students with the best opportunities to secure for us all a productive and enlightened community.

Respectfully,

NORMAN E. BROWN
Director of Guidance

ELEMENTARY GUIDANCE REPORT

The Guidance Department has a variety of services to offer at different educational levels. At the elementary level, the school counselor works with students, teachers, parents, administrators and community agencies. The counselor helps the student better understand his strengths and limitations as well as to identify his interests and to aid him in planning for and attaining realistic goals. The elementary school program is concerned with the early identification of children's abilities. We work with normal children who have normal school problems as well as with children with learning difficulties. A unique service provided by the counselor is that of counseling with emphasis on the individual. Counseling is being able to sit down with an individual student or in a small group and to develop a relationship in which students feel free to discuss problems.

We are most fortunate to have Dr. Kennard as a consulting psychiatrist for our schools. We work together closely helping identify children who need further interpretation. Dr. Kennard makes regular visits to the Mastricola, Reeds Ferry and Thorntons Ferry Schools.

Another function handled by the Counselor is setting up, supervising and reporting the testing program. In May, 1969, Metropolitan Readiness Tests were administered to all children who had registered to enter grade one in September. This helps insure that each child will be placed in a situation where he can achieve at a level commensurate with his maximum potential. Achievement tests are given in the Fall to all pupils in grades two through eight. The achievement test results help teachers adjust instructional programs to better meet pupil needs. Otis Lennon Mental Ability Tests are administered to students in grades two, four, six and eight. Results of this testing is used in conjunction with the achievement tests.

Counselors and classroom teachers work very closely in the elementary school. The teachers help the counselor better understand how the child performs in the classroom and the counselor helps the teacher know and understand the child's abilities, special concerns, goals and problems. Counselors often work with parents. Parents and counselors share information so that both can understand the student better and guide him in making maximum use of his talents.

We express our sincere thanks and appreciation for the cooperation of our teachers, administrators and parents.

Members of the School Board
Merrimack School District
Merrimack, New Hampshire

Gentlemen:

I have prepared the financial statements for the Merrimack School District for the fiscal year ended June 30, 1969. My examination was made in accordance with generally accepted auditing standards and included such tests of the accounting records and other auditing procedures as I considered necessary in the circumstances.

In my opinion, the accompanying statement of assets and net debt, and the statements of receipts and expenditures, fairly present the financial position of Merrimack School District as of June 30, 1969 and the results of its operation for the period July 1, 1968 through June 30, 1969 in accordance with generally accepted accounting principles.

Respectfully submitted,

DONALD J. HENDERSON

HEALTH REPORT

Our school health program this year opened as usual with physical examinations for the high school athletes. One hundred and fifteen students were examined by Dr. Luther March.

October 4 brought the Pre-school Vision & Hearing Screening Program under the auspices of the State Department of Public Health. Sponsors were the Merrimack Teachers Association and The Merrimack Kindergarten. 183 pre-school children attended this program which proved to be a most successful community project.

The fall months found a new dental health education program in progress. Mrs. Jane Burton, State Dental Hygienist, participated in this program which involved the elementary students. It was received enthusiastically by the children and proved most rewarding to those involved.

December this year vision testing was done in alternate grades from first through seventh by school optometrists, Dr. Carl Quimby and Dr. George Provost. The remainder of the vision screening and hearing tests were conducted throughout the school year by school nurses.

January once again brought the annual Tuberculosis Testing program. Due to the revamping of the state program only first graders were tested by the Tine method. 284 children participated. Seventh grade, we hope, will be included next year.

February found a very interested group of high school girls attending an "open house day" at St. Joseph's Hospital. The field trip was attended by students interested in health careers. A great deal of time and effort had obviously been put into making this day worthwhile for these students and we certainly appreciated the results of those efforts.

March, April and May were the months in which immunization clinics were held. These clinics are held in conjunction with the Merrimack Valley Home Association. Diphtheria, Whooping Cough, Tetanus, Polio, Measles and Smallpox immunizations were given by Dr. William Sheehan who was the attending physician at all of these clinics. Members of the P. T. A. once again assumed clerical duties.

The pre-school registration clinic was held on April 8. Physical examinations were done and 190 prospective first graders were registered at this time. Dr. Luther March, Dr. William Sheehan, and Dr. Lionel Lavoie were the attending physicians.

This pre-school registration clinic was poorly attended. 190 prospective first graders registered on that day and 324 arrived at school on opening day. Registration day is conducted for the main purpose of making the pre-schoolers first venture into school a successful and happy one. Early registration facilitates all planning, particularly important is the structuring of small classes.

It was indeed a busy year but our work was made easier by the wonderful cooperation of those interested in school health. Parents, Doctors, P.T.A. members we give our sincere appreciation.

ELEANOR MONTE, R.N.
EMMA DODGE, R.N.
BARBARA HAGEN, R.N.

SCHOOL DISTRICT
SCHOOL BUS REGULATIONS FOR SCHOOL PUPILS

1. The school bus driver is in complete charge of the school bus and the pupils and shall have the same authority in maintaining discipline as a teacher in the classroom under the supervision of the school board and superintendent of schools.
2. The pupils must be on time at the designated bus stops to meet the school bus. Since the school bus is operating on a schedule, it cannot wait at any bus stop for children who are not within sight of the stop when the bus arrives.
3. Any unnecessary talking with the school bus operator is prohibited.
4. While ordinary conversation between pupils is permitted, loud, vulgar and other improper language will not be tolerated.
5. Smoking may not be permitted in the school bus. Waste paper and other articles may not be thrown on the floor or out the windows while the pupils are in the bus.
6. Pupils are not permitted to get on or off the bus while it is in motion. The center aisle shall be kept free at all times.
7. Lunch boxes, books and any other bundles carried by the pupils shall be kept on their seats or in a place designated by the school bus driver.
8. Pupils shall go to the rear of the bus when getting on unless assigned to a seat near the front by the school bus driver.
9. The rear emergency door shall be used only in case of emergency.
10. All pupils must be seated in the bus while it is in motion.
11. Any violation of the above approved rules or safety measures made by the school board will be reported to the school authorities who can forbid the offender temporarily or permanently from riding on the school bus.

**MERRIMACK SCHOOL DISTRICT
RULES AND REGULATIONS
PERTAINING TO USE OF SCHOOL FACILITIES**

1. The principal of the school is responsible for the schedule of the use of any school facility.
2. No school facility is to be used when it interferes with the educational schedule or creates a hardship on school personnel.
3. The use of alcoholic beverages on school property is prohibited.
4. Smoking will be permitted in restricted areas, namely the Front Lobby and lavatories only.
5. Requests for use of facilities are to be acquired from the building principal and stated in writing.
6. All payments for the rental of facilities shall be payable to the Superintendent of Schools, Hudson, N.H.
7. All payments for personnel services shall be made directly to the personnel involved.
8. The three OUTSIDE EXITS in the Auditorium shall be used in case of emergency only. The entrance and exit to the Auditorium shall be through the main lobby only.
9. There shall be no decorations of any kind affixed to any permanent part of the Auditorium. The use of any scenery or props on the stage shall be first approved by the school board.
10. No requests will be considered if a school sponsored or Town government activity is scheduled during the same period requested by an organization.
11. Statement that the organization or function will be in the event of damage to the building or equipment, reimburse the school District within a 30 day period from the date of the damage, the full amount of the cost of repairs or replacement.
12. District organizations may use school facilities free of rental charge provided no admission is charged or donation requested.
13. When admission is charged or donations required the following rental charges will prevail.
 - A. Use of auditorium \$25.00
 - B. Use of auditorium and kitchen \$35.00
 - C. Use of single classroom \$4.00

“NO SCHOOL” SIGNAL

If school is to be called off for any reason there will be notice read over stations WOTW and WSMN in Nashua and WFEA in Manchester 7:30 o'clock in the morning.

Because of the required 180 days of school brings the closing of the school year well into the month of June, it is the feeling of the School Board, that it would be unwise to call off school unless it is impossible for the busses to negotiate their routes. We are asking all parents to use their own discretion sending children to school during a bad storm.

SCHOOL BOARD MEETINGS

The regular monthly meeting of the School Board is held at the Merrimack High School on the First Tuesday of each month at 7:30 P.M. The meeting is open to anyone with complaints or suggestions on the operation of our school system. The only way that the School Board can act on any situation is as a body.

CLOSED SCHOOL YARD

School Street adjacent to the Junior High School and all driveways leading to both the Junior High School and Mastricola Elementary School are closed to all traffic except School Busses between the hours of 8:00 A.M. to 9:00 A.M. and 2:30 P.M. to 4:00 P.M. when schools are in session.
